

JOHN H. FETTY

AIA

Principal

john.fetty@pfarc.com

FILLAT+
ARCHITECTURE

As a highly respected design and development professional, Mr. Fetty excels at integrating spaces and technical systems into one dynamic design solution that simplifies construction and maximizes operating efficiency. In addition to his design practices, Mr. Fetty has also presented at numerous conferences and expositions including the CFRST owner's conference, and the Hospitality Construction Expo- "Effective Prototype Development."
